STANDARD & OPTIONAL EQUIPMENT / FEATURES

800 Series Flip Axle Option

SMART • SIMPLE • SUCCESS
More Payload

With the addition of our flip axle to your Landoll 800 trailer, you can legally haul heavier loads in most states (with a permit). Taller, wider and heavier equipment continue to be introduced to the marketplace. Landoll Flip Axle brackets built into your trailer enhance your original investment. With a simple installation, you are ready to move heavier loads with success. A smart move!

Pictures and content may include optional equipment and/or standard features that may not be standard on all models. Specification and design subject to change without notice. Weights and measurements are best estimates and should not be treated as actual. There are other features and optional equipment available. If you have any questions, consult the factory. Capacity ratings are frame capacities only. Actual load capacities may be restricted by factors such as gross axle weight ratings (GAWR) or state and federal regulations.
